# MT ELIZA ROTARY GOLF ENTRY FORM

But for the dedication of Shine their lives would be so different.

*"As children, we were given a gift - the gift to dream. For some children their gift to dream gets interrupted or taken away."*

These simple acts of childhood love are absent because their Mum or Dad is in jail. They forget how to dream. They feel the weight of loneliness, judgement, anger, rejection and hurt. Some of them will never recover. Research overwhelmingly tells us that the loss of love and family connection leads to juvenile crime and is a fast track to an adult life in and out of prison.

At SHINE, we come together to give kids back their right to dream.
